mike@kmjproducts.com

Hello Long-Time Friends and Customers:

2/17/2024

It's been a good, long run and I have had a blast getting here.

Just over a week ago, I felt shitty enough to get off the Big Island and fly to see some real doctors on Oahu. After several days of procedures, probing and testing. I found out that what I was told was most likely gallstones actually turned out to be pancreatic cancer - fourth stage. Guess it's one of the nastiest cancers you can come down with. After a careful evaluation of all my medical options, I have chosen to return to my home on the Big Island and seek palliative care while on hospice. I am surrounded by family and good friends. My time is short. I maintain a clear head and am able to manage pain with medications. For the Thermo Cascade business I hope to secure a buyer within a few days. Hopefully within a few months Thermo Cascade will continue on under new ownership. If you have any need to place an order for Thermo Products to carry you over the next several months place an order with me ASAP. I have good inventory now and a crew of buddies helping to get orders shipped out quickly. Thermo pricing has not changed for 2023. So I have attached our 2023 Price List.

For my remaining inventory of XS Foto - GoPro Mask, Snorkels and Accessories I have chosen to offer them to you at ridiculously low prices. This is limited to stock on hand. Once sold out it's gone.

I will leave behind my daughter and my goal is to leave her in the best financial situation as possible.

So, if you are able to I would really appreciate if you could place an order ASAP.

Thank you for your consideration, Mike Piantoni
